Group offered following:

- Custom Clarence
- Project Handling
- Freight Management
- Warehousing Facility
- Transportation
- In Bond , EX Bond Clarence
- EDB Quota Handling
- Door To Door Service
- DTRE/TR Facility Etc...

CUSTOMS CLEARING

Customs clearing is a significant part of Import & Export business. Hassle free and timely Customs clearance of goods directly affects your cost and profitability. We believe that we have to earn your business every day. To do this we need to understand your needs and respond accordingly. We therefore work diligently to ensure that your unique requirements are met to your satisfaction.

We also guide our clients from the day they decide to import or export. Correct documentation, tariff classification, applicable exemption notifications, trade agreements, pre and post shipment requirement, restriction under the trade policy and other related laws.

Post clearing services such as processing of refunds, duty drawbacks, release of bank guarantees and Indemnity Bonds and follow-up of cases referred to the valuation branch are also being handled by M.Y Group.

Besides knowledge and experience, our excellent contacts with custom authorities are also helpful in quickly resolving problems, if any, and in handling the clearance without

FRIEGHT MANAGEMENT

We offer freight management solutions with flexibility to meet your changing needs. If you have a shipment we will create a solution. You can trust us for a reliable and professional solution.

Our on-line tracking approach ensures timely execution of forwarding assignments.

TRANSPORTATION

We will provide complete transportation through vehicles for local deliveries, however for Containerized deliveries and goods meant for up country destinations we engage reliable and experienced transport companies.

Loading, transportation and delivery of over dimension and overweight project cargo is done under our supervision through transport companies owning specialized vehicles and equipment and possessing experience in handling project cargo.

From Ocean To Air, We Take Care.

LOGISTIC/ AFGHAN TRANSIT

Lorem ipsum

We in coordination with our associate companies can also providing one-window logistics solutions to our clients involved in Afghan Transit Trade. We provide services such as customs clearing of cargo at Karachi ports, transportation and customs clearing at Pak – Afghan border. If required, custom clearing services inside Afghan border can also be handled through our associates who have their own office in Afghanistan.

WAREHOUSING

We arrange secure private, public and custom bonded warehousing on short and long term for our clients. Premises and location is carefully selected to suit our client's requirements on competitive rates, further we have warehousing Facility in UAE we can also offer our import trading license of UAE for this purpose.
